

Amendments to the Specification

Please replace the specification currently on file with the enclosed substitute specification.

In accordance with 37 CFR 1.125(b) and (c), enclosed herewith please find a substitute specification (excluding the claims) with markings showing all the changes relative to the immediate prior version of the specification of record. In that regard, the enclosed substitute specification includes all of the amendments to the specification that were included in the amendments filed February 17, 2005 (these amendments are not currently marked up).

In addition, the enclosed substitute specification includes further amendments to the priority claim paragraph on page 1, and to the paragraph beginning at page 22, line 5. These amendments are indicated by underlining and strike-through in accordance with 37 CFR 1.125(c).

Further, the enclosed substitute specification includes page numbers on each page.

In accordance with 37 CFR 1.125(c), a "clean version" of the substitute specification is also enclosed incorporating the changes presented in the "marked-up" version of the substitute specification discussed above.
